**Believe
there is
good in the world**

**Make self-care a priority to
bring more peace and balance
into your life!**

When we don't take the time to dial in to what we need physically, mentally and emotionally our life can feel off-kilter.

6:30p.m. - 8:00p.m.

Local instructor and floriculture expert Betty Patterson-del Sol will bring some of her students from Southwestern College to share:

- Fundamentals of design mechanics (how to build a floral design from the ground up)
- Design techniques that bring added dimension and personality to your design
- How to move your design concept from "just an idea" into a reality!

Whether you are a beginner or experienced floral designer, you are invited to this free workshop to learn more about the "how to" of participating in the Design Division at the Coronado Flower Show!

Meet others who are enthusiastic to learn more about how to create unique and distinctive floral designs - whether for fun or entry in the Coronado Flower Show, Del Mar Fair or other flower shows. Be inspired! Invite your friends!

Refreshments will be provided.
